Using LotusScript in IBM Lotus Domino 8 Applications

- C. GrantAccess on the NotesDatabase Object
- D. QueryAccess and GrantAccess on the NotesDatabase Object

Answer: D

QUESTION: 84

Ryoko supports the SalesOrder application, which has the "Allow document locking" option enabled. She has noticed that periodic events result in some documents remaining locked after the users have logged off. Ryoko would like to automatically unlock these documents each night. How should she proceed?

- A. Create a view of locked documents using a selection formula of: `SELECT@IsAvailable($Writers)`
Write an agent to run nightly, and call `NotesView.AllEntries.Unlock()`
- B. Create a view of locked documents using a selection formula of: `SELECT@IsAvailable($WritersDate)`
Write an agent to run nightly, and call `NotesView.AllEntries.StampAll("~$Lock", "")`
- C. Create a view of locked documents using a selection formula of: `SELECT@IsAvailable($WritersDate)`
Write an agent to run nightly, to iterate through the view and set `NotesDocument.Lock = False` on each document.
- D. Create a view of locked documents using a selection formula of: `SELECT@IsAvailable($Writers)`
Write an agent to run nightly, to iterate through the view and call the `NotesDocument.Unlock` method on each document.

Answer: D

QUESTION: 85

Glenda is writing an agent that processes all Suggestion documents with the Status field equal to "Pending". These documents are in a view that has a selection formula of `Status = "Pending"`. As each document is processed in the agent, the Status field is updated to "Processed". What NotesView property can Glenda use to prevent the view from refreshing until she has processed all the documents?

- A. Refresh
- B. AutoUpdate
- C. AutoRefresh
- D. StaticUpdate

Answer: B

QUESTION: 86

Marisha has the following function in her LotusScript agent:

```
Function FormatInvoice(invCompany As String, invIdentifier As String) As String
```

```
FormatInvoice = UCase(invCompany) + LCase(invIdentifier)
```

```
End Function
```

What is the correct format she should use in her agent to call this function?

- A. FormatInvoice(tmpCompany, tmpIdentifier)
- B. newInvoice = FormatInvoice(tmpCompany, tmpIdentifier)
- C. FormatInvoice(tmpCompany, tmpIdentifier) = newInvoice
- D. newInvoice = FormatInvoice(tmpCompany As String, tmpIdentifier As String)

Answer: B

QUESTION: 87

Klaus is examining a sample of the documents in a database. He wants to stop processing after 1000 documents have been processed. Here is the code Klaus has written so far:

```
Dim s As New NotesSession
```

```
Dim dc As NotesDocumentCollection
```

```
Dim doc As NotesDocument
```

```
Set dc = s.CurrentDatabase.AllDocuments
```

```
Set doc = dc.GetFirstDocument
```

```
Dim i As Integer
```

```
Do Until (doc Is Nothing)
```

```
  i = i + 1
```

```
  If i > 1000 Then ' MISSING LINE End If ' Process document
```

```
Loop
```

What code should Klaus write to replace the MISSING LINE, to cause execution to leave the Do Loop after 1000 documents have been processed?

- A. EndLoop
- B. End Do
- C. ExitLoop
- D. Exit Do

Answer: D

QUESTION: 88

If you wanted a block of LotusScript to run AFTER a document opens but BEFORE the user has control of it, what form event could you use to put the code into?

- A. onLoad
- B. QueryLoad
- C. PostModeChange
- D. QueryRecalc

Answer: A

QUESTION: 89

Sally has a form she wants to open in Edit mode, if the status field is Open. When the status field is Closed, the form should open the document in Read mode. Which one of the following PostOpen events will accomplish this?

- A. Dimuidoc As NotesUIDocument
Set uidoc=source if uidoc.FieldGetText("status")="Open" then
uidoc.Mode=True end if
- B. Dimuidoc As NotesUIDocument
Set uidoc=source
if uidoc.FieldGetText("status")="Open" then
doc.EditMode=True end if
- C. Dimuidoc As NotesUIDocument
Set uidoc=source if uidoc.FieldSetText("status","Open") then
uidoc.EditMode=True end if
- D. Dimuidoc As NotesUIDocument
Set uidoc=source
if uidoc.FieldGetText("status")="Open" then
uidoc.EditMode=True
end if

Answer: D

QUESTION: 90

If you call the Print method of NotesUIDocument with no parameters, what will happen?

- A. The entire document will be printed to the default printer
- B. A print dialog will appear, prompting the user for print properties
- C. Only the first page of the document will print to the default printer
- D. An error will occur, because the first parameter of the Print method is required

Answer: B

SAMPLE QUESTIONS

*These questions are for demo purpose only. **Full version is up to date and contains actual questions and answers.***

Killexams.com is an online platform that offers a wide range of services related to certification exam preparation. The platform provides actual questions, exam dumps, and practice tests to help individuals prepare for various certification exams with confidence. Here are some key features and services offered by Killexams.com:

Actual Exam Questions: *Killexams.com provides actual exam questions that are experienced in test centers. These questions are updated regularly to ensure they are up-to-date and relevant to the latest exam syllabus. By studying these actual questions, candidates can familiarize themselves with the content and format of the real exam.*

Exam Dumps: *Killexams.com offers exam dumps in PDF format. These dumps contain a comprehensive collection of questions and answers that cover the exam topics. By using these dumps, candidates can enhance their knowledge and improve their chances of success in the certification exam.*

Practice Tests: *Killexams.com provides practice tests through their desktop VCE exam simulator and online test engine. These practice tests simulate the real exam environment and help candidates assess their readiness for the actual exam. The practice tests cover a wide range of questions and enable candidates to identify their strengths and weaknesses.*

Guaranteed Success: *Killexams.com offers a success guarantee with their exam dumps. They claim that by using their materials, candidates will pass their exams on the first attempt or they will refund the purchase price. This guarantee provides assurance and confidence to individuals preparing for certification exams.*

Updated Content: *Killexams.com regularly updates its question bank and exam dumps to ensure that they are current and reflect the latest changes in the exam syllabus. This helps candidates stay up-to-date with the exam content and increases their chances of success.*

Technical Support: *Killexams.com provides free 24x7 technical support to assist candidates with any queries or issues they may encounter while using their services. Their certified experts are available to provide guidance and help candidates throughout their exam preparation journey.*
