# Platform-App-Builder

*Salesforce Certified Platform App Builder*

### Question #361

Universal Containers wants to ensure that they are accepting clean data from their users and verify that important fields are entered.

What should an app builder recommend to meet this requirement?

- A. Make a formula field to check the format of the important fields
- B. Update the important fields to be required on the page layout
- C. Create a workflow rule to check the fields are formatted correctly
- D. Configure a validation to require a field for a specific record type

**Answer: D**

### Question #362

What are two reasons to create an unmanaged package? (Choose two.)

- A. Distributing upgradeable components to other Salesforce orgs
- B. Deploying from a Developer Edition environment
- C. Publishing an application for sale on the AppExchange
- D. Distributing open-source projects on the AppExchange

**Answer: CD**

### Question #364

Universal Containers uses a private sharing model on Accounts. User A and User B both own Accounts of their own and have both been sent a new Account record in an email owned by User C to take a look at. User A is able to open and view the record but User B receives an insufficient privileges error. User A and User B have the same role in the Role Hierarchy as User C.

What are the three reasons User A has access but User B is unable to access the record? (Choose three.)

- A. User A is in a Public Group that has access via a Sharing Rule
- B. User A and User B have different profiles
- C. User A is on the same Account Team as User C
- D. User C has manually shared the record with User A
- E. User A was granted an additional permission set

**Answer:** ABD

Question #365

Universal Containers uses a custom object called Reviews to capture information generated by interviewers during the candidate process. The Review records are visible to any user that has access to the related custom Candidate record. The VP of Human Resources wants the comment field on the Review to be private to anyone outside of the HR department.

How should the app builder meet this requirement?

- A. Create a page layout with the field for HR users and another page layout without the field for all other users
- B. Create an Apex sharing rule to share the field with users that have "HR" in their role
- C. Create a sharing rule to share the field with the VP of HR with Role and Subordinates
- D. Create a page layout with the field and use field-level security to hide the field from all other users

**Answer:** A

Question #366

Which feature should an app builder use to ensure that new Leads are automatically sent to the appropriate Sales Rep?

- A. Workflow Rules
- B. Visual Flow
- C. Lead Assignment Rules
- D. Lead Convert

**Answer:** C

Question #367

Accounts at Universal Containers are currently readable by all users but editable only by their owners. Management wants to designate some Accounts as VIP

Accounts. Only Account owners should have read access to these VIP accounts.

What two actions should an app builder take to meet the requirements? (Choose two.)

- A. Implement a sharing rule
- B. Change Organization-wide Defaults
- C. Set up an Account Team
- D. Configure a permission set

**Answer:** AC

Question #368

An app builder has been asked to display an Overdue Date that is two months after a Task's Due Date. Which approach should the app builder take?

- A. Create a formula field using the ADDMONTHS() function
- B. Use Process Builder and set Overdue Date equal to DueDate + 60
- C. Create a formula field using DueDate + 60
- D. Use Process Builder and set Overdue Date equal to DueDate + ((365/12) \* 2)

**Answer:** B

Question #369

The VP of Sales wants a Chatter post to the All Sales private group when an Opportunity goes to the closed won stage.

What two tools should the app builder use to automate this process? (Choose two.)

- A. Process Builder
- B. Big Deal Alert
- C. Workflow
- D. Flow

**Answer:** AD

Question #370

Universal Containers implemented an application process that uses custom objects Internships and Applications. The organization-wide default for Internships has been set to private and is the master in the master-detail relationship with Applications. The VP of HR wants to allow edit access to Applications to recruiters. How should an app builder configure the proper access?

- A. Create a sharing rule that grants the users Read/Write access to the Application records
- B. Create a queue for the web applications and assign access to the users who will be editing the records
- C. Add a sharing rule that grants the users Read/Write access to the Internship records
- D. Set the organization-wide default on the Applications object to Read/Write

**Answer:** A

Question #371

Managers at Universal Containers want a quick way to create additional accounts to form a hierarchy from a parent account record. They want to auto-populate five fields based on the parent to make it easier for users to create the child accounts quickly.

What should the app builder recommend?

- A. Custom Global Quick Action
- B. Custom Button on Account
- C. Custom Action on Account
- D. Custom Link on Account

**Answer:** C

Question #372

Universal Containers allows users to create standard reports on demand.

What are two considerations users should be aware of when creating a new report? (Choose two.)

- A. Users can require that child objects exist for parent records using a cross filter
- B. Records will be available in the report regardless of security permissions
- C. Reports created from standard report types are available to all users
- D. The report type determines the types of records and fields that will be available

**Answer:** AC

# SAMPLE QUESTIONS

*These questions are for demo purpose only. **Full version is up to date and contains actual questions and answers.***

*Killexams.com is an online platform that offers a wide range of services related to certification exam preparation. The platform provides actual questions, exam dumps, and practice tests to help individuals prepare for various certification exams with confidence. Here are some key features and services offered by Killexams.com:*

**Actual Exam Questions:** *Killexams.com provides actual exam questions that are experienced in test centers. These questions are updated regularly to ensure they are up-to-date and relevant to the latest exam syllabus. By studying these actual questions, candidates can familiarize themselves with the content and format of the real exam.*

**Exam Dumps:** *Killexams.com offers exam dumps in PDF format. These dumps contain a comprehensive collection of questions and answers that cover the exam topics. By using these dumps, candidates can enhance their knowledge and improve their chances of success in the certification exam.*

**Practice Tests:** *Killexams.com provides practice tests through their desktop VCE exam simulator and online test engine. These practice tests simulate the real exam environment and help candidates assess their readiness for the actual exam. The practice tests cover a wide range of questions and enable candidates to identify their strengths and weaknesses.*

**Guaranteed Success:** *Killexams.com offers a success guarantee with their exam dumps. They claim that by using their materials, candidates will pass their exams on the first attempt or they will refund the purchase price. This guarantee provides assurance and confidence to individuals preparing for certification exams.*

**Updated Content:** *Killexams.com regularly updates its question bank and exam dumps to ensure that they are current and reflect the latest changes in the exam syllabus. This helps candidates stay up-to-date with the exam content and increases their chances of success.*

**Technical Support:** *Killexams.com provides free 24x7 technical support to assist candidates with any queries or issues they may encounter while using their services. Their certified experts are available to provide guidance and help candidates throughout their exam preparation journey.*
