ESSE Recertification

B. All placed in the same guest VLAN or several guest VLANs
C. Isolated from communicating to one another
D. Placed on the production VLAN and each controlled with policy

Answer: B

QUESTION: 90
As defined in NetSight Policy Managers demo.pmd file, the Guest Access policy role is associated to:

A. No services
B. The Deny Spoofing & Other Administrative Protocols service only
C. The Deny Unsupported Protocol Access service only
D. All services grouped under the Secure Guest Access service group

Answer: D

QUESTION: 91
In the deployment of static policy on the network, NetSight Policy Manager:

A. Classifiesingressed traffic locally on the device where NetSight Policy Manager is installed
B. Defines and pushes a policy configuration out to devices on the network
C. Is used to update the policy configuration of a switch after it is rebooted
D. Maintains periodic contact with policy-capable switches on the network so the switch can pull down the policy configuration on demand

Answer: B

QUESTION: 92
The advantages to using protocol-based containment via policy for guest networking over VLANbased containment is:

A. Policy drops unwanted traffic sourced from guests before this traffic enters the network
B. Policy can be configured to control how guests communicate to other guests on the network, even within the same VLAN
C. Guest users can reside on the production VLAN while network security is maintained. Therefore, guest VLANs do not need to be deployed on the network
D. All of the above

Answer: D

QUESTION: 93
Which of the following services, as defined by demo.pmd in NetSight Policy Manager, reduces networkcongestion by removing legacy protocols from the network such as IPX?

A. Deny Unsupported Protocol Access service
B. Deny Spoofing & other Administrative Protocols service
C. Threat Management service
D. Limit Exposure toDoS Attacks service

Answer: A

QUESTION: 94
As defined in NetSight Policy Managers demo.pmd file, the Secure Guest Access Service Group:

A. Allows PPTP and HTTP traffic only, and discards all other traffic
B. Allows HTTP, DNS, and DHCP traffic only, anddiscards all other traffic
C. Allows PPTP, HTTP, DNS, and DHCP traffic, anddenies access to all other TCP/UDP ports and unsupported protocols on the network
D. Discards all traffic

Answer: C

QUESTION: 95
As defined in NetSight Policy Managers demo.pmd file, the Enterprise Access policy role is associated to:

A. No services
B. The Deny Spoofing & Other Administrative Protocols service only
C. The Deny Unsupported Protocol Access service only
D. All services grouped under the Acceptable Use Policy service group

Answer: D

QUESTION: 96

Which of the following is not a traffic attribute for which a classification rule may be configured?

A. MAC address
B. PHY and PMD sub-layers
C. TCP/UDP port number
D. IP address

Answer: B

QUESTION: 97
Which of the following services, as defined by demo.pmd in NetSight Policy Manager, protects the network from well-known layer 4 ports utilized in various attacks and exploits on the network?

A. Deny Unsupported Protocol Access service
B. Deny Layer 4 Attack Ports service
C. Threat Management service
D. Application Provisioning - AUP service

Answer: C

QUESTION: 98
As defined in NetSight Policy Managers demo.pmd file, the Application Provisioning - Supplemental service is associated to the:

A. Enterprise User role only
B. Enterprise User role and Enterprise Access role
C. Enterprise Access role only
D. Enterprise Access and Guest Access role

Answer: A

QUESTION: 99
The RADIUS Filter-ID parameter is used to:

A. Authenticate users
B. Authenticate a RADIUS client

C. Pass policy information to a switch to authorize an authenticated user with a level of network access
D. Discard traffic destined for a RADIUS server

Answer: C

QUESTION: 100
Port Groups can be used in NetSight Policy Manager to:

A. Group ports based on location
B. Group ports based on speed
C. Group ports based on whetheruntrusted users have physical access to these ports
D. All of the above

Answer: D

SAMPLE QUESTIONS

*These questions are for demo purpose only. **Full version** is up to date and contains actual questions and answers.*

Killexams.com is an online platform that offers a wide range of services related to certification exam preparation. The platform provides actual questions, exam dumps, and practice tests to help individuals prepare for various certification exams with confidence. Here are some key features and services offered by Killexams.com:

Actual Exam Questions: *Killexams.com provides actual exam questions that are experienced in test centers. These questions are updated regularly to ensure they are up-to-date and relevant to the latest exam syllabus. By studying these actual questions, candidates can familiarize themselves with the content and format of the real exam.*

Exam Dumps: *Killexams.com offers exam dumps in PDF format. These dumps contain a comprehensive collection of questions and answers that cover the exam topics. By using these dumps, candidates can enhance their knowledge and improve their chances of success in the certification exam.*

Practice Tests: *Killexams.com provides practice tests through their desktop VCE exam simulator and online test engine. These practice tests simulate the real exam environment and help candidates assess their readiness for the actual exam. The practice tests cover a wide range of questions and enable candidates to identify their strengths and weaknesses.*

Guaranteed Success: *Killexams.com offers a success guarantee with their exam dumps. They claim that by using their materials, candidates will pass their exams on the first attempt or they will refund the purchase price. This guarantee provides assurance and confidence to individuals preparing for certification exams.*

Updated Content: *Killexams.com regularly updates its question bank and exam dumps to ensure that they are current and reflect the latest changes in the exam syllabus. This helps candidates stay up-to-date with the exam content and increases their chances of success.*

Technical Support: *Killexams.com provides free 24x7 technical support to assist candidates with any queries or issues they may encounter while using their services. Their certified experts are available to provide guidance and help candidates throughout their exam preparation journey.*
