QUESTION: 175

The ProxySG allows you to upload compressed access logs or plain-text access logs.

- A. True
- B. False

Answer: A

Reference:

http://wikileaks.org/spyfiles/files/0/268_BLUECOAT-SGOS_Vol8_AccLog_5.3.1.pdf(page 26, first paragraph)

QUESTION: 176

Which one of the following categorization methods is not covered by ProxySG and Blue Coat WebFilter licenses and would incur additional costs?

- A. SurfControl categorization
- B. Local database categorization
- C. WebPulse categorization
- D. IWF categorization

Answer: C

QUESTION: 177

Which one of these statements is true about the factory default settings of a ProxySG?

- A. An unconfigured ProxySG tries to get an IP address from a DHCP server.
- B. Blue Coat Director can be used to assign an IP address to an unconfigured ProxySG.
- C. An IP address can be assigned to an unconfigured ProxySG by using either the serial connection or, on models that have one, the front panel.
- D. An unconfigured ProxySG sends a RARP request to look up its IP address from the MAC address of its network interface card. If it cannot get a valid IP address, initial setup is required.

Answer: C

QUESTION: 178

Persistent TCP connections are enabled by default starting with which version of HTTP?

- A. 1.1
- B. 0.9
- C. 1.0
- D. None of the above

Answer: A

Reference:

<http://stackoverflow.com/questions/246859/http-1-0-vs-1-1>(see the paragraph with grey background)

QUESTION: 179

Which of the following access logging features are supported by the ProxySG?
(Select 4)

- A. Signing, to certify that a particular ProxySG wrote and uploaded the log.
- B. Encryption, to encrypt the data as it is transferred to the remote server.

- C. Logging all user group memberships for the HTTP transactions performed by authenticated users (IWA and LDAP realms).
- D. Compression, to save on data transfer between the ProxySG and the remote server.
- E. Bandwidth management, to facilitate availability of minimum bandwidth for the access log data transfer from ProxySG to the log upload server.

Answer: A, B, C, D

QUESTION: 180

When accessing default administrative account with the ProxySG Management Console, which one of these passwords is used?

- A. Console password
- B. Enable password
- C. Setup Console password
- D. Front panel PIN code

Answer: B

QUESTION: 181

After a URL has been categorized by the WebPulse background rating service, when are the results returned to the ProxySG that initiated the request? (Select all that apply)

- A. At the next scheduled update of the Blue Coat WebFilter database.
- B. Immediately, if the category is Adult or Pornography.
- C. On demand by the ProxySG administrator.
- D. None of the above.

Answer: A, C

QUESTION: 182

Which of the following parts of a URL are NOT case-sensitive? (Select all that apply)

- A. Query parameters

- B. Host name
- C. Protocol name
- D. None of the above

Answer: B

Reference:

<http://stackoverflow.com/questions/2148603/is-the-protocol-name-in-urls-case-sensitive>

QUESTION: 183

Some models of the ProxySG have a user limit. The user limit is based on which one of these factors?

- A. The number of unique client IP addresses with open inbound TCP connections to the ProxySG.
- B. The specific license that has been purchased for and installed on that ProxySG.
- C. The number of concurrent open TCP connections to the ProxySG.

Answer: A

QUESTION: 184

Proxy servers and firewalls are network security devices that_____

- A. can be used interchangeably.
- B. complement each other.
- C. are capable of controlling Layer 2 to Layer 7 traffic.
- D. can spoof client IP addresses.

Answer: A, B, C

Killexams.com is a leading online platform specializing in high-quality certification exam preparation. Offering a robust suite of tools, including MCQs, practice tests, and advanced test engines, Killexams.com empowers candidates to excel in their certification exams. Discover the key features that make Killexams.com the go-to choice for exam success.

Exam Questions:

Killexams.com provides exam questions that are experienced in test centers. These questions are updated regularly to ensure they are up-to-date and relevant to the latest exam syllabus. By studying these questions, candidates can familiarize themselves with the content and format of the real exam.

Exam MCQs:

Killexams.com offers exam MCQs in PDF format. These questions contain a comprehensive collection of questions and answers that cover the exam topics. By using these MCQs, candidate can enhance their knowledge and improve their chances of success in the certification exam.

Practice Test:

Killexams.com provides practice test through their desktop test engine and online test engine. These practice tests simulate the real exam environment and help candidates assess their readiness for the actual exam. The practice test cover a wide range of questions and enable candidates to identify their strengths and weaknesses.

Guaranteed Success:

Killexams.com offers a success guarantee with the exam MCQs. Killexams claim that by using this materials, candidates will pass their exams on the first attempt or they will get refund for the purchase price. This guarantee provides assurance and confidence to individuals preparing for certification exam.

Updated Contents:

Killexams.com regularly updates its question bank of MCQs to ensure that they are current and reflect the latest changes in the exam syllabus. This helps candidates stay up-to-date with the exam content and increases their chances of success.
