Rational Unified Process v7.0

http://killexams.com/exam-detail/000-839
**QUESTION: 108**
What is a Development Case?

A. The development process that you have chosen to follow in your project  
B. A sample architectural design used to guide architectural decisions  
C. A development cycle specifically devoted to maintenance  
D. Another name for a key mechanism

**Answer: A**

**QUESTION: 109**
Which of the following are major milestones of Rational Unified Process?

A. Lifecycle Objectives (LCO)  
B. Preliminary Design Review (PDR)  
C. Product Release  
D. Initial Operational Capability (IOC)  
E. Lifecycle Architecture (LCA)

**Answer: A,C,D,E**

**QUESTION: 110**
Which of the following characterize the approach to planning in RUP's development lifecycle?

A. It is performed in an iterative fashion.  
B. It produces a coarse-grained plan identifying the number of iterations per phase, their objectives and duration  
C. At the most detailed level, it consists of multiple iteration plans that establish the fine-grained activities and milestones for an iteration  
D. It incorporates risk management
QUESTION: 111
Which of the following are important concerns in software architecture?

A. Describing the significant elements of a system, their interfaces, their collaborations, and their composition
B. Selecting the key structural elements and interfaces for composing a system
C. Composing structural and behavioral elements into logical subsystems
D. Creating a detailed class design
E. Specifying significant behavior in terms of collaborations among structural elements

Answer: A, B, C, E

QUESTION: 112
What is an iteration Workflow?

A. Some action that a role performs, which provides a meaningful result in the context of the project
B. A collection of activities within an iteration, which are related to a major "area of concern"
C. A sequential view of the process, describing a typical workflow within an iteration of a given phase
D. A cycle of inception, Elaboration, Construction, Transition.

Answer: D

QUESTION: 113
Which of the following is true about the generalization relationship?

A. It is represented by a dashed arrow
B. It is represented by a diamond symbol.
C. It is a special form of aggregation
D. It is often called inheritance

**Answer:** D

**QUESTION:** 114
Which of the following statements are true concerning the Development Case? (Select all that apply)

A. You can use it to specify the degree of formality associated with an artifact
B. It is fixed during inception and does not generally change over the course of a project
C. You can use it to specify the tools used to produce an artifact
D. It tells you which artifacts to produce

**Answer:** A,C,D

**QUESTION:** 115
How is a class represented in basic UML Notation?

A. Arrow
B. Rectangle containing the object's name
C. Oval
D. Rectangle with three compartments
E. Stick figure

**Answer:** D

**QUESTION:** 116
Which of the following are models in Rational Unified Process? (Select all that apply)

A. Construction Model
B. Implementation Model
C. Requirements Model
D. Design Model

**Answer:** B, D

**QUESTION:** 117
Which of the following workflow details belong to the Configuration & Change Management discipline? (Select all that apply)

A. Manage Baseline and Releases  
B. Change and Deliver Configuration items  
C. Manage iteration  
D. Manage Change Requests  
E. Define the System

**Answer:** A,B,D
