QUESTION 111

Which three statements are true when configuring virtual routing interfaces? (Choose three.)

- A. A single virtual interface can be used to route traffic between all VLANs within the same switch.
- B. Each VLAN on a switch requires its own virtual interface.
- C. A virtual interface can be a member of multiple VLANs.
- D. A virtual interface can have multiple IP addresses.
- E. Hosts in a VLAN can use the IP address of the virtual interface as their default gateway.

Correct Answer: BDE

QUESTION 112

You are configuring multiple VLANs using only untagged ports on two switches. Which statement is true?

- A. All traffic between switches will use 802.1q.
- B. All VLAN traffic can use a single untagged uplink port.
- C. Untagged ports can be placed into multiple VLANs.
- D. Each VLAN requires a dedicated uplink between switches.

Correct Answer: D

QUESTION 113

Which two statements about LAGs are true? (Choose two.)

- A. A LAG provides load-sharing.
- B. A LAG provides sub-microsecond failover,
- C. A LAG can contain links of different speeds.
- D. A LAG is treated as a single logical link by the switch.

Correct Answer: AD

QUESTION 114

Your company uses OSPF and has recently purchased another company that uses RIP.

Management requires that routes between the two companies be shared without interrupting services on either network. How is this implemented?

- A. Enable route redistribution in both RIP and OSPF on the DR.
- B. Enable route redistribution in both RIP and OSPF on the BDR.
- C. Enable route redistribution in both RIP and OSPF on the ASBR.
- D. Enable route redistribution in both RIP and OSPF in the ABR.

Correct Answer: C

QUESTION 115

What are two valid BPDU types in Spanning Tree 802.1D? (Choose two.)

- A. Configuration BPDU
- B. Root Override BPDU
- C. Failure Notification BPDU
- D. Topology Change Notification BPDU

Correct Answer: AD

QUESTION 116

When using CIDR notation, what is the default route in an IPv6 configuration?

- A. ::/0
- B. 1001:fff:0:0:0:0::VI28
- C. 1001:fff:0:0:0:0::y0
- D. fff::/36

Correct Answer: A

answer is right.

QUESTION 117

What are two Brocade stackable products? (Choose two.)

- A. Brocade FastIron SX
- B. BrocadeFastIronCX
- C. BrocadeCX6430
- D. Brocade MLXe

Correct Answer: BC

great answer.

QUESTION 118

You have just configured a new Multi-Chassis Trunk between two Brocade MLXe chassis.

Which protocol information will be distributed across this link?

- A. IPv6
- B. BGP
- C. RIPv2
- D. STP

Correct Answer: D

good answer.

QUESTION 119

Which two statements about ingress extended ACLs are correct? (Choose two.)

- A. They use extended ACL IDs 200 - 299.
- B. They save network resources by reducing traffic.
- C. They eliminate denial of service (DoS) attacks.
- D. They block unwanted traffic or users.

Correct Answer: BD

QUESTION 120

Which statement is true of an access control list (ACL) on a Brocade IP device?

- A. Only outbound ACLs can be used on any Brocade IP device.
- B. The ACL takes effect immediately after being applied to an interface.
- C. An ACL is immediately applied to all physical interfaces once the ACL is configured.
- D. Standard ACLs can be used to control traffic inbound or outbound based on source and destination addresses.

Correct Answer: B

QUESTION 121

When 802.1p priority override is enabled on the primary port of a trunk group, which other ports of the trunk group will be affected?

- A. all ports except the primary trunk port
- B. some of the trunk ports
- C. only the primary port of the trunk group
- D. all ports of the trunk group

Correct Answer: D

QUESTION 122

What are the three available QoS scheduling algorithms available on Brocade NetIron and FastIron products? (Choose three.)

- A. weighted round robin
- B. strict priority
- C. first-in-first-out
- D. hybrid
- E. deficit round robin

Correct Answer: ABD

QUESTION 123

Which QoS mechanism would you use to set the DSCP value specified of an outgoing packet?

- A. dscp-cos-mapping

- B. dscp-matching
- C. dscp-marking
- D. internal-priority-marking

Correct Answer: C

QUESTION 124

sFlow uses which method to send data to a collector?

- A. multicast
- B. broadcast
- C. TCP port 6343
- D. UDP port 6343

Correct Answer: D

QUESTION 125

Given the command output shown below:

```
de(config)#mirror-port ethernet 1/2/4
```

```
Brocade(config)#interface ethernet 1/2/11
```

```
Brocade(config-if-e100-11)#monitor ethernet 1/2/4 both
```

What do the Brocade commands accomplish?

- A. They allow all traffic on interface ethernet 1/2/11 to be replicated on interface ethernet 1/2/4 for analysis
- B. They allow ingress only traffic on interface ethernet 1/2/4 to be replicated on interface Ethernet 1/2/11 for analysis.
- C. They allow all traffic on interface ethernet 1/2/4 to be replicated on interface ethernet 1/2/11 for analysis.

D. They allow egress only traffic on interface ethernet 1/2/4 to be replicated on interface Ethernet 1/2/11 for analysis.

Correct Answer: A

SAMPLE QUESTIONS

*These questions are for demo purpose only. **Full version** is up to date and contains actual questions and answers.*

Killexams.com is an online platform that offers a wide range of services related to certification exam preparation. The platform provides actual questions, exam dumps, and practice tests to help individuals prepare for various certification exams with confidence. Here are some key features and services offered by Killexams.com:

Actual Exam Questions: *Killexams.com provides actual exam questions that are experienced in test centers. These questions are updated regularly to ensure they are up-to-date and relevant to the latest exam syllabus. By studying these actual questions, candidates can familiarize themselves with the content and format of the real exam.*

Exam Dumps: *Killexams.com offers exam dumps in PDF format. These dumps contain a comprehensive collection of questions and answers that cover the exam topics. By using these dumps, candidates can enhance their knowledge and improve their chances of success in the certification exam.*

Practice Tests: *Killexams.com provides practice tests through their desktop VCE exam simulator and online test engine. These practice tests simulate the real exam environment and help candidates assess their readiness for the actual exam. The practice tests cover a wide range of questions and enable candidates to identify their strengths and weaknesses.*

Guaranteed Success: *Killexams.com offers a success guarantee with their exam dumps. They claim that by using their materials, candidates will pass their exams on the first attempt or they will refund the purchase price. This guarantee provides assurance and confidence to individuals preparing for certification exams.*

Updated Content: *Killexams.com regularly updates its question bank and exam dumps to ensure that they are current and reflect the latest changes in the exam syllabus. This helps candidates stay up-to-date with the exam content and increases their chances of success.*

Technical Support: *Killexams.com provides free 24x7 technical support to assist candidates with any queries or issues they may encounter while using their services. Their certified experts are available to provide guidance and help candidates throughout their exam preparation journey.*
