Question: 80

The network slicing function is only for the core network, and wireless and transmission do not support slicing.

A. True
B. False

Answer: B

Question: 81

Because the terminal does not need time-frequency tracking in the 5G low-frequency scene, there is no need for PT-RS in the low-frequency scene

A. True
B. False

Answer: B

Question: 82

In the 5G network, for user security considerations, the NSA layer uses 5G-GUT1 instead of IMSI as the user's temporary ID.

A. True
B. False

Answer: A

Question: 83

In the NSA network, we can use the CI interface between enodeb and gnodeb for data distribution

A. True
B. False

Answer: B

Question: 84

In the RAN3.0 version, CSI-RS for beam management is not supported in low frequency scenarios.

A. True
B. False

Answer: B

Question: 85

In RAN3.0 version, for TDD 5G network, supports only case C of SSB beam pattern.

A. True
B. False

Answer: A

Question: 86

In SA networking, the mobility between neighboring cells with the same frequency can use the redirection process.

A. True
B. False

Answer: B

Question: 87

As long as the SSB frequency or SCS between the serving cell and the neighboring cell is different, then the terminal's measurement of the neighboring cell is an inter- frequency measurement.

A. True
B. False

Answer: B

Question: 88

The terminal can send a power control command to the base station to control the transmission power of the PDSCH.

A. True
B. False

Answer: B

Question: 89

The serving cell is not connected to the neighboring cell service of the nearby cell, indicating that the cell handover failed

A. True
B. False

Answer: B

Question: 90

The PDU session establishment request in 5G must be actively triggered by the UE side.

A. True
B. False

Answer: A

Question: 91

The uplink timing is such that under the same gNdeB, the TA (timing advance) values ââ of all UEs are kept at 0 at all times.

A. True
B. False

Answer: B

Question: 92

In the window size, the larger the window, the stronger the resistance to delay

A. True
B. False

Answer: A

Question: 93

Which of the following NR system definition indicators are at the base station level?

A. Utilization rate of the number of users
B. PRB utilization
C. Paging resource utilization
D. PDCCH resource utilization

Answer: A

Question: 94

PBCH of DMRs frequency domain position and which of the following parameters relevant?

A. Bandwidth
B. ce11ID
C. PCI
D. sI-RNII

Answer: C

Question: 95

In the NSA network, which of the following statistics is closest to the user's experience rate?

A. RRC layer
B. RLC layer

C. Physical layer
D. PDCP layer

Answer: D

Question: 96

When the NR subcarrier is configured to 30Khz, what are the number of symbols and the number of slots corresponding to each slot?

A. 14, 40
B. 12, 20
C. 14, 20
D. 12, 40

Answer: C

Question: 97

What is the typical value of Noise Figure (NF) for 5G CPE receiver?

A. 1dB
B. 5dB
C. 7db
D. 3dB

Answer: C

Question: 98

NSA architecture, B1 threshold event is how to send UE 's?

A. Pass Pss/Sss
B. Reconfiguration signaling through RRC
C. Via OSI message
D. Broadcast via PBCH

Answer: B

Question: 99

In NR networking, in order for users to get close to the highest uplink rate, what is the minimum requirement for its MCS value?

A. 16
B. 32
C. 25
D. 20

Answer: C

Question: 100

In order to solve the problem of deep coverage of NR network, which of the following measures is not advisable?

A. Adopt low frequency band networking
B. Use Lampsi te to provide room coverage
C. Increase NR system bandwidth
D. Increase AAU transmit power

Answer: C

Killexams.com is an online platform that offers a wide range of services related to certification exam preparation. The platform provides actual questions, exam dumps, and practice tests to help individuals prepare for various certification exams with confidence. Here are some key features and services offered by Killexams.com:

ORDER FULL VERSION
Special Discount Coupon

Actual Exam Questions: Killexams.com provides actual exam questions that are experienced in test centers. These questions are updated regularly to ensure they are up-to-date and relevant to the latest exam syllabus. By studying these actual questions, candidates can familiarize themselves with the content and format of the real exam.

Exam Dumps: Killexams.com offers exam dumps in PDF format. These dumps contain a comprehensive collection of questions and answers that cover the exam topics. By using these dumps, candidates can enhance their knowledge and improve their chances of success in the certification exam.

Practice Tests: Killexams.com provides practice tests through their desktop VCE exam simulator and online test engine. These practice tests simulate the real exam environment and help candidates assess their readiness for the actual exam. The practice tests cover a wide range of questions and enable candidates to identify their strengths and weaknesses.

Guaranteed Success: Killexams.com offers a success guarantee with their exam dumps. They claim that by using their materials, candidates will pass their exams on the first attempt or they will refund the purchase price. This guarantee provides assurance and confidence to individuals preparing for certification exams.

Updated Content: Killexams.com regularly updates its question bank and exam dumps to ensure that they are current and reflect the latest changes in the exam syllabus. This helps candidates stay up-to-date with the exam content and increases their chances of success.

Technical Support: Killexams.com provides free 24x7 technical support to assist candidates with any queries or issues they may encounter while using their services. Their certified experts are available to provide guidance and help candidates throughout their exam preparation journey.
