Question: 33

In the field of mobile communication, which standards organization is responsible for formulating technical specifications and technical reports? (single-choice question, 2 points)

A. ITU
B. 3GPP
C. 3GPP2
D. OTSA

Answer: B

Explanation:

Analysis of test questions: In the field of mobile communication, 3GPP is responsible for formulating technical specifications and technical reports.

Question: 34

What are the proposers and users of slice requirements called? (single-choice question, 2 points)

A. Customer
B. Tenant
C. Tenants
D. Consumers

Answer: C

Explanation:

Question Analysis: The proposer and user of slice requirements are called tenants.

Question: 35

Which of the following is not a requirement for 5G fronthaul network transmission?

A. eCPRI mainstream interface rate 25Gbps
B. The one-way delay requirement is less than 100s
C. The packet loss rate is 0
D. The clock accuracy is $±65ns$

Answer: C

Question: 36

Which or the following are members of the 5G open trail specification Alliance

(OTSA) ?

A. SKT
B. Vodafone
C. Verizon
D. DCM

Answer: A,B,C,D

Question: 37

Which of following are advantages of accessing 5G at ? _MC

A. Higher reliability than optical fibers
B. Flexible deployment
C. optical fiber-class rate
D. Rapid deployment and go-to-market

Answer: A,B,C,D

Question: 38

Which of the following are disadvantages of using drones on 4G communication networks? CMC

A. Delivering flight control command is slow.
B. The signal strength is dtrong when lower the 120 from the ground but the connection is easily lost when the height exceeds 120m.
C. The uplink data rate is low.
D. The drone height is not within the mail lobe of the ground station antenna. The air signals are in disarray. There is no primary coverage cell. Frequent handovers caus significant downlink interference for terminals.

Answer: A,B,C,D

Question: 39

Which of the following advantages are experienced by cloud game user?

A. no need to buy expensive hardware
B. game playing anytime withing waiting free of installation, upgrade or maintenance.
C. cloud archiving available anytime allowing seamless switchover between different devices
D. gaming running on the cloud, which facilitates copyright protection

Answer: A,B,C,D

Question: 40

Which of the following technical solutions reduce the 5G delay? _MC

A. Shortening the resource allocation interval
B. Dynamic uplink and down link resources allocation
C. F-FDMA
D. D2D communication

Answer: A,B,D

Question: 41

What was the first standard release of LTE? (single-choice question, 2 points)

A. Relasee4
B. Relasee7
C. Relasee8
D. Relasee10

Answer: C

Explanation:

Question analysis: It is generally considered that LTE starts from R8 version, LTE-A starts from R10 version, 4.5G (LTE-A Pro) starts from R12 version, and 5G starts from R15 version.

Question: 42

Compared with traditional plat preservation which of the following advantages does drone-based plant preservation have? _ MC

A. higher efficiency than manual operations
B. 30% less medicine is used, saving water and protecting the environment.
C. precise operation
D. high security due to man-machine separation

Answer: A,B,C,D

Question: 43

In the 5G eMBB scenario, what is the main coding scheme used for the control channel? (single-choice question, 2 points)

A. Turbo
B. Convolutional Codes
C. Polar
D. LDPC

Answer: D

Explanation:

Analysis of test questions: LDPC is used for traffic channels, with good performance and low complexity. It supports high-speed services well through parallel computing; Polar codes are used for control channels and have outstanding performance in encoding small packet services.

Question: 44

FR1 is the main frequency band of 5G.

What is the maximum bandwidth of the cell in MHz? (Multiple choice, 2 points)

A. 40
B. 80
C. 100
D. 400

Answer: C

Explanation:

Analysis of the test questions: The maximum bandwidth of the FR1 frequency band cell is 100MHz.

Question: 45

Assuming that the primary synchronization code of NR cell A is 1, and the secondary synchronization code is 2, which of the following is the PCI of cell A?

A. 2
B. 5
C. 3
D. 7

Answer: C

Question: 46

Which of the following are members of the 5G Open Trial Specification Alliance (OTSA)? - MC

A. SKT
B. Vodafone
C. Verizon
D. DCM

Answer: A,C,D

Question: 47

In the process of uplink and downlink decoupling, what determines whether the uplink uses high frequency or low frequency for signal transmission? (single-choice question, 2 points)

A. UE
B. gNodeB
C. AMF
D. UPF

Answer: B

Explanation:

In the process of uplink and downlink decoupling, whether the uplink uses high frequency or low frequency for signal transmission is determined by gNB.

Question: 48

Which of the following NSA networking statements are correct? _MC

A. Capable of provisioning new services such as URLLC
B. LOW Investment in the initial phase of 5G deployment
C. Requiring continuous coverage provided by the 5G base solutions
D. Deployment based on legacy 4G networks

Answer: A,B,D

Question: 49

Both optical and electrical RHUB ports in LampSite networking support pRRU cascading.

A. True
B. False

Answer: B

Question: 50

Which of the following are points of electronic power telecommunication?

A. public network GPRS with low rate and long delay unable to provision telecontrol, tele indication and telemetering, slow fault locating
B. high cost for monitoring service carried by operator 4G network
C. low security and reliability of electric power services carried on public network
D. incapable of collecting electric consumption information, costly manual meter reading.

Answer: A,C,D

SAMPLE QUESTIONS

These questions are for demo purpose only. **Full version** *is up to date and contains actual questions and answers.*

Killexams.com is an online platform that offers a wide range of services related to certification exam preparation. The platform provides actual questions, exam dumps, and practice tests to help individuals prepare for various certification exams with confidence. Here are some key features and services offered by Killexams.com:

ORDER FULL VERSION
Special Discount Coupon

Actual Exam Questions: Killexams.com provides actual exam questions that are experienced in test centers. These questions are updated regularly to ensure they are up-to-date and relevant to the latest exam syllabus. By studying these actual questions, candidates can familiarize themselves with the content and format of the real exam.

Exam Dumps: Killexams.com offers exam dumps in PDF format. These dumps contain a comprehensive collection of questions and answers that cover the exam topics. By using these dumps, candidates can enhance their knowledge and improve their chances of success in the certification exam.

Practice Tests: Killexams.com provides practice tests through their desktop VCE exam simulator and online test engine. These practice tests simulate the real exam environment and help candidates assess their readiness for the actual exam. The practice tests cover a wide range of questions and enable candidates to identify their strengths and weaknesses.

Guaranteed Success: Killexams.com offers a success guarantee with their exam dumps. They claim that by using their materials, candidates will pass their exams on the first attempt or they will refund the purchase price. This guarantee provides assurance and confidence to individuals preparing for certification exams.

Updated Content: Killexams.com regularly updates its question bank and exam dumps to ensure that they are current and reflect the latest changes in the exam syllabus. This helps candidates stay up-to-date with the exam content and increases their chances of success.

Technical Support: Killexams.com provides free 24x7 technical support to assist candidates with any queries or issues they may encounter while using their services. Their certified experts are available to provide guidance and help candidates throughout their exam preparation journey.
