Question: 22

Difficulty with navigating, sensitivity to noise and visual stimuli, impaired ability to screen out background noise and/or movement, and sensations of overload are all psychomotor perceptions mostly associated to which type of disability?

- A. Dementia
- B. Deafness
- C. Dyslexia
- D. Learning

Answer: D

Explanation:

Reference: <https://usability.yale.edu/web-accessibility/articles/types-disabilities>

Question: 23

Products that are designed with the specific intent of standardization, ease of access, efficiency, and satisfaction are based on the principles of

- A. accessible design
- B. innovative design
- C. functional design
- D. usability design

Answer: D

Explanation:

Reference: <https://www.interaction-design.org/literature/topics/usability>

Question: 24

Color Contrast (Minimum) is associated to which Web Content Accessibility Guidelines (WCAG) 2.0 principle?

- A. Operable
- B. Perceivable
- C. Robust
- D. Understandable

Answer: B

Explanation:

Reference: https://developer.mozilla.org/enUS/docs/Web/Accessibility/Understanding_WCAG/Perceivable/Color_contrast

Question: 25

Which is the biggest business benefit of designing an accessible website?

- A. Data integrity
- B. Information security
- C. Search engine optimization
- D. Web site availability

Answer: C

Explanation:

The biggest business benefit of designing an accessible website is search engine optimization (SEO). Accessible websites tend to have better structure, more descriptive content, and improved user experience, all of which contribute to higher search engine rankings and increased visibility in search results.

Question: 26

When purchasing third-party software, a business will BEST mitigate the risk of buying inaccessible software by

- A. including a contractual penalty for inaccessibility.
- B. requesting an accessibility conformance claim in writing.
- C. requiring accessible outcomes in contractual agreements.
- D. verifying product accessibility.

Answer: D

Explanation:

Reference: <https://www.w3.org/WAI/ER/tools/>

Question: 27

An individual is developing an upper extremity medical problem that is currently increasing pain and reducing movement in the elbows, while expected to eventually spread into the wrists and hands.

Which group of accommodations should be recommended?

- A. Adjustable keyboard/mouse tray, ergonomic keyboard, and adjustable monitor
- B. Screen reader software, keyboard shortcuts, and adjustable keyboard/mouse tray
- C. Voice recognition software, ergonomic mouse, and adjustable keyboard/mouse tray
- D. Voice recognition software, screen reader software, and ergonomic mouse

Answer: C

Explanation:

Reference: <https://abilitynet.org.uk/factsheets/keyboard-and-mouse-alternatives-and-adaptations>

Question: 28

In the Principles of Universal Design Version 2.0, which definition defines principle one:

Equitable Use?

- A. design accommodates a wide range of individual preferences.
- B. design communicates necessary information effectively to the user regardless of sensory abilities.
- C. design is useful and marketable to people with diverse abilities.
- D. of the design is easy to understand, regardless of the user's experience.

Answer: C

Explanation:

In the Principles of Universal Design Version 2.0, principle one, Equitable Use, is defined as: "design is useful and marketable to people with diverse abilities." This principle emphasizes the importance of creating products and environments that can be used by people with a wide range of abilities, ensuring equal access and participation for all.

Question: 29

Which statement BEST describes a way the U.N. Convention on the Rights of Persons with

Disabilities (CRPD) is being used to open opportunities for people with disabilities in information technology?

- A. The CRPD defers to the W3C for policy guidance on website accessibility and how to best promote its adoption.
- B. The CRPD relies on partnerships between the private and public sector to encourage better accessibility standards.
- C. The CRPD requires member states to enact tough laws that adopt WCAG 2.0.
- D. The CRPD urges member states to take appropriate measures to ensure people with disabilities are not excluded.

Answer: D

Explanation:

Reference: <https://www.un.org/development/desa/disabilities/convention-on-the-rights-of-persons-with-disabilities.html>

Question: 30

What is a common first approach in website design that could assist a person with a working-memory deficit when accessing a multi-page website?

- A. Embedded contrast /color controls
- B. Embedded screen reader
- C. Page magnification
- D. Simplified and consistent navigation

Answer: D

Explanation:

Reference: <https://www.ncbi.nlm.nih.gov/pmc/articles/PMC4552350/>

Question: 31

Which is the BEST example of the Principles of Universal Design Version 2.0 principle six:

Low Physical Effort?

- A. Automatic soap dispensers
- B. Lamp with round switch
- C. Round door handles
- D. Stationary escalator steps

Answer: A

Question: 32

Which syndrome is now widely recognized as being a specific learning disability of neurological origin?

- A. Anxiety
- B. Autism Spectrum
- C. Dementia
- D. Dyslexia

Answer: D

Explanation:

Reference: https://www.w3.org/WAI/GL/task-forces/coga/wiki/Gap_Analysis/Dyslexia#:~:text=The%20syndrome%20of%20dyslexia%20is,of%20race%20and%20social%20background

Question: 33

When making accessible pre-recorded video content with audio for people with hearing impairments, the video needs to include

- A. audio description.
- B. captions and transcript.
- C. high contrast mode.
- D. keyboard accessible controls.

Answer: B

Explanation:

When making accessible pre-recorded video content with audio for people with hearing impairments, the video needs to include captions and a transcript. Captions provide a text version of the audio content, while a transcript offers a complete text description of the video, including dialogue, sound effects, and other relevant information.

Question: 34

A company in Belgium that manufactures IT products is thinking about developing a hardware product for sale throughout Europe.

Which standards should the company be MOST concerned with in the design of its product?

- A. BS 88.78
- B. EN 301-549
- C. ISO 9001
- D. WCAG 2.0 A and AA

Answer: B

Explanation:

Reference: <https://www.deque.com/en-301-549-compliance/#:~:text=EN%20301%20549%20enables%20European,people%2C%20including%20those%20with%20disabilities>

Question: 35

A Web site designed for optimal use considers what factor that is NOT directly related to disability?

- A. Age-related disease
- B. Color blindness
- C. Dyslexia
- D. Lack of computer skills

Answer: D

Explanation:

SAMPLE QUESTIONS

*These questions are for demo purpose only. **Full version** is up to date and contains actual questions and answers.*

Killexams.com is an online platform that offers a wide range of services related to certification exam preparation. The platform provides actual questions, exam dumps, and practice tests to help individuals prepare for various certification exams with confidence. Here are some key features and services offered by Killexams.com:

Actual Exam Questions: *Killexams.com provides actual exam questions that are experienced in test centers. These questions are updated regularly to ensure they are up-to-date and relevant to the latest exam syllabus. By studying these actual questions, candidates can familiarize themselves with the content and format of the real exam.*

Exam Dumps: *Killexams.com offers exam dumps in PDF format. These dumps contain a comprehensive collection of questions and answers that cover the exam topics. By using these dumps, candidates can enhance their knowledge and improve their chances of success in the certification exam.*

Practice Tests: *Killexams.com provides practice tests through their desktop VCE exam simulator and online test engine. These practice tests simulate the real exam environment and help candidates assess their readiness for the actual exam. The practice tests cover a wide range of questions and enable candidates to identify their strengths and weaknesses.*

Guaranteed Success: *Killexams.com offers a success guarantee with their exam dumps. They claim that by using their materials, candidates will pass their exams on the first attempt or they will refund the purchase price. This guarantee provides assurance and confidence to individuals preparing for certification exams.*

Updated Content: *Killexams.com regularly updates its question bank and exam dumps to ensure that they are current and reflect the latest changes in the exam syllabus. This helps candidates stay up-to-date with the exam content and increases their chances of success.*

Technical Support: *Killexams.com provides free 24x7 technical support to assist candidates with any queries or issues they may encounter while using their services. Their certified experts are available to provide guidance and help candidates throughout their exam preparation journey.*
