**Question: 88**

What does a well-written user story describe?

- A. A fixed outcome.
- B. The expectations of the product owner.
- C. The needs of all users.
- D. The customers' perspective.

**Answer: D**

**Question: 89**

What may be NOT decided during the INCEPTION stage of a Disciplined Agile project?

- A. Initial architecture
- B. Deployment strategy
- C. High level scope
- D. Test strategy

**Answer: B**

Explanation:

Deployment strategy may be determined during Construction

**Question: 90**

True or False: In general, it is preferable to have long standing product teams rather than ad-hoc or project based teams

- A. FALSE
- B. TRUE

**Answer: B**

Explanation:

Long standing product teams are able to deliver sustainable value over a period of time

**Question: 91**

Why is the retrospective an important agile ceremony?

- A. It prohibits stakeholders who attended the demo from giving additional requests to the team.
- B. It allows the team time to focus on how they can better work together moving forward.
- C. It provides the product owner with the opportunity to see how well the team works together.
- D. It allows the team to organize the product backlog into categories which are meaningful to them.

**Answer: B**

Explanation:

A retrospective is a technique that teams use to reflect on how effective they are and hopefully to identify potential process improvements to experiment with [W, Kerth]. (Choose Your WoW, Enhance Retrospectives Through Guided Improvement Options, page 17).

**Question: 92**

True or False: All of the process choices presented in a goal diagram may not be viable in a given situation

- A. FALSE
- B. TRUE

**Answer: B**

Explanation:

Some of the process choices may not work well in certain circumstances

**Question: 93**

Which of the following is one of the 4 views of Disciplined Agile?

- A. Technology
- B. Enterprise
- C. Mindset
- D. Goals

**Answer: C**

Explanation:

The four views of DA are People, Practices, Flow and Mindset

**Question: 94**

Governance in a DA project means all of the following except:

- A. Administer rewards and recognition
- B. Ensuring compliance with a regulatory standard
- C. Complete freedom to the team to make decisions
- D. Creating forums for sharing knowledge
- E. Making decisions about funding
- F. Having defined process for decision making

**Answer: C**

Explanation:

Although DA teams will enjoy a high degree of autonomy, they may not have freedom to make any decisions of their own free will

**Question: 95**

The primary function of the "Business Operations" process blade is:

- A. To monitor and guide teams to remove any barriers that they may experience
- B. To provide services to customers and support your products
- C. To ensure cash flow in the organization ensuring that the money is spent well
- D. To monitor the competitive landscape and come up with appropriate promotional strategies

**Answer: B**

Explanation:

The business operations process blade supports the operations that sustains the business

**Question: 96**

True or False: The FLOW view for Disciplined Agile means that there are no starts and stops in any DA project

- A. TRUE
- B. FALSE

**Answer: B**

Explanation:

Flow means the team should try and ensure smooth flow of work as far as possible. It is not that work will not start or stop

**Question: 97**

Which role on the delivery team builds the product right

- A. Team Member
- B. Product Owner
- C. Team Lead
- D. Architecture Owner

**Answer: D**

Explanation:

The answer on the real PMI exam provided by Pearson Vue is the one selected on the practice exam unless it against what we can check in the book, Figure 4.4 page 67. I'll place this note on the question explanation.

Architecture Owner: Is responsible to build the product right. (Choose Your WoW, The Three Leadership Roles, figure 4.4, page 78).

### Question: 98

What is the architecture owner responsible for?

- A. Working cross-functionally to deliver the solution
- B. Removing impediments
- C. Mitigating key technical risks
- D. Determining the priorities for the solution

### Answer: C

Explanation:

Table 4.1. (Choose Your WoW, Tailoring DAD Team Roles for Your Organization, page 67).

### Question: 99

Which of these tools or techniques should be used to sequence work to deliver value quickly?

- A. Minimum business increment (MBI)
- B. Minimum viable product (MVP)
- C. Work in process (WIP) limits
- D. Planning Poker

### Answer: A

Explanation:

Job sequencing: Sequence MBIs in order of what can realize the most value more quickly, compared to the others.

### Question: 100

Who defines the amount of work to be completed during an iteration?

- A. The team members based on their understanding of the team's current capacity.
- B. The quality tester based on their estimation of how much completed work can be tested.
- C. The team lead who is responsible for ensuring that the work gets done.
- D. The product owner based on their estimation of what should be done.

### Answer: A

Explanation:

Product owner (PO). A product owner is responsible for working with stakeholders to identify the work to be done, prioritize that work, help the team to understand the stakeholders' needs, and help the team interact effectively with stakeholders [ScrumGuide]. (Choose Your WoW, People First: Roles, Rights, and Responsibilities, page 46)

Killexams.com is a leading online platform specializing in high-quality certification exam preparation. Offering a robust suite of tools, including Exam Questions, practice tests, and advanced test engines, Killexams.com empowers candidates to excel in their certification exams. Discover the key features that make Killexams.com the go-to choice for exam success.

## Practice Exam Questions Based on Current Exam Objectives

Killexams.com provides practice exam questions aligned with the latest official exam objectives and latest syllabus. Our content is reviewed and updated regularly to reflect recent changes announced by certification vendors. By studying these practice questions, candidates will cover the structure, difficulty level, and topics of the actual exam, helping them prepare more effectively and efficiently.

## Comprehensive Practice Exams (PDF Format)

Killexams.com offers multiple-choice questions (MCQs) in easy-to-read PDF format, covering all major domains of the exam. Each PDF contains a structured collection of practice questions and verified answers designed to support focused study. These MCQs help candidates reinforce key concepts, identify knowledge gaps, and improve exam readiness through consistent practice.

## Realistic Practice Tests (Online Test Engine & Desktop Test Engine)

To support hands-on preparation, Killexams.com provides practice tests through both an Online Test Engine and a Desktop Test Engine. These tools are designed to simulate a real exam environment, allowing candidates to practice under exam-like conditions, with latest syllabus and topics of the exam. Performance tracking, test history, and result analysis help users evaluate their progress and focus on areas that need improvement.

## Risk-Free Purchase Policy

Killexams.com follows a transparent and customer-friendly purchase policy. If users are not satisfied with the study materials, they may request assistance or a refund in accordance with our published terms and conditions. This policy reflects our commitment to customer satisfaction, fairness, and confidence in our preparation resources.

## Regularly Updated Content

Our practice question bank is reviewed and updated on an ongoing basis to stay aligned with the latest exam outlines and vendor updates. This ensures candidates are studying up-to-date, relevant material, and preparing with content that reflects current exam expectations, helping them stay confident and well-prepared.
