Question: 28

A report needs to list the user ID of the manager of the operator who creates a time-off case. The report provides information from the MyCo-HR-SelfService-Work-TimeOff and Data-Admin-Operator-ID classes.

Which two options independently satisfy the business outcome? (Choose Two)

- A. Configure a class join on the report definition to join operator information to each case.
- B. Add the operator ID to the report definition as a parameter.
- C. Use an association rule to join operator information to each case.
- D. Specify both classes in the Pages & Classes tab on the report definition.

Answer: A,D

Question: 29

A travel reservation servicing case includes a service level for responding to requests. The service level intervals vary according to passenger status, class of service, and fare type.

Which implementation satisfies this requirement?

- A. Create a multivariate circumstanced rule and a when rule.
- B. Create a multivariate circumstanced rule, a circumstance definition, and a circumstance template.
- C. Create a single property circumstanced rule and a when rule.
- D. Create a single property circumstanced rule.

Answer: B

Question: 30

Which two statements about building mobile applications with Pega Platform are true? (Choose Two)

- A. Pega Platform allows the same certificate set to build and distribute iOS and Android applications.
- B. Pega Mobile Build Server is configured in Dev Studio by using your Android or iOS developer certificates.
- C. The containing application determines the layout and appearance of SDK applications.
- D. Pega Mobile Build Server requires HTTPS access.

Answer: C,D

Question: 31

University admission application cases automatically advance in the case life cycle if the applicant's standardized test scores are above a certain threshold. The threshold is determined each year based on the provided national average score.

Which two configurations, when applied together, support this requirement? (Choose Two)

- A. Configure a process with a decision shape that continues if the TestThreshold Configuration setting is less than the applicant's test score.
- B. Configure a TestThreshold Configuration setting with the national average for the test score threshold.
- C. Configure a TestThreshold Configuration setting that calculates the national average for the test score threshold.
- D. Configure a process with a decision shape that continues if the TestThreshold Configuration setting is greater than the applicant's test score.

Answer: A,B

Question: 32

A requirement states that the Manager role cannot open a purchase request during the Audit stage.

How do you configure the case stage to satisfy this requirement?

- A. Apply an Access Deny record.
- B. Apply an Access When record.
- C. Apply a When record.
- D. Apply a Privilege record.

Answer: B

Question: 33

A data page is used to retrieve data from an external system. If an error occurs, you want to display a message to the user and send an email to the system administrator.

How do you implement this requirement?

- A. Configure an activity's input source as the error message and the output as an email.
- B. Configure an error handling process that displays the error message and sends an email.
- C. Reuse the out-of-the-box ConnectionProblem error handling flow on the Service tab for the connector.
- D. Create an error handler data transform that adds an error message to the data page and sends an email.

Answer: D

Question: 34

What is the purpose of the Policy Verification landing page when configuring a security solution in Pega Platform?

- A. To test if a user has the required access to a case
- B. To manually authenticate a specific user on an integrated external database
- C. To test if a user's channel-specific password meets defined property requirements
- D. To configure mapping of access control attributes

Answer: A

Question: 35

Which two statements are valid regarding Pega Web Mashups? (Choose two.)

- A. A mashup display starts by calling either a flow or a harness from a Pega application.
- B. Pega Platform limits a mashup to working on existing cases.
- C. A mashup can allow access to Dev Studio for full system configuration.
- D. A user can view their worklist in an external portal and select items to take action on.

Answer: A,D

Killexams.com is a leading online platform specializing in high-quality certification exam preparation. Offering a robust suite of tools, including Exam Questions, practice tests, and advanced test engines, Killexams.com empowers candidates to excel in their certification exams. Discover the key features that make Killexams.com the go-to choice for exam success.

Practice Exam Questions Based on Current Exam Objectives

Killexams.com provides practice exam questions aligned with the latest official exam objectives and latest syllabus. Our content is reviewed and updated regularly to reflect recent changes announced by certification vendors. By studying these practice questions, candidates will cover the structure, difficulty level, and topics of the actual exam, helping them prepare more effectively and efficiently.

Comprehensive Practice Exams (PDF Format)

Killexams.com offers multiple-choice questions (MCQs) in easy-to-read PDF format, covering all major domains of the exam. Each PDF contains a structured collection of practice questions and verified answers designed to support focused study. These MCQs help candidates reinforce key concepts, identify knowledge gaps, and improve exam readiness through consistent practice.

Realistic Practice Tests (Online Test Engine & Desktop Test Engine)

To support hands-on preparation, Killexams.com provides practice tests through both an Online Test Engine and a Desktop Test Engine. These tools are designed to simulate a real exam environment, allowing candidates to practice under exam-like conditions, with latest syllabus and topics of the exam. Performance tracking, test history, and result analysis help users evaluate their progress and focus on areas that need improvement.

Risk-Free Purchase Policy

Killexams.com follows a transparent and customer-friendly purchase policy. If users are not satisfied with the study materials, they may request assistance or a refund in accordance with our published terms and conditions. This policy reflects our commitment to customer satisfaction, fairness, and confidence in our preparation resources.

Regularly Updated Content

Our practice question bank is reviewed and updated on an ongoing basis to stay aligned with the latest exam outlines and vendor updates. This ensures candidates are studying up-to-date, relevant material, and preparing with content that reflects current exam expectations, helping them stay confident and well-prepared.
